The Arlington Commission on Long-Term Care Residences, the Northern Virginia Long-Term Care Ombudsman Program and TLC4LTC initiated a group known as the Regional Long-Term Care Council (RLTCC). The new group brings together concerned individuals and groups to work for improved quality of care for residents living in long-term care facilities. RLTCC provides support to those who have concerns about family or friends living in facilities and provides education about residents' and family rights. The overarching goal of the group is to advocate for the improvement of quality of life and care for those living in long-term care facilities, as well as, to advocate to improve working conditions for staff.
